

### Decision Chart

Write down your choices in the chart, visit the bank for additional cards or money, and then make changes to your graph.

Choice: describe the choice you made	% voter support	Change in air quality cards	Change in water quality cards	Change in biodiversity cards	Change in human health cards	Cost (\$)
Land:						
Water:						
Air:						
Totals	Average:	Total change:	Total change:	Total change:	Total change:	Total \$ needed or earned:

Once your choices are approved, you can send someone to the bank to receive the ecosystem cards and money. You may have to pay money to the bank, or you may get a loan from the bank, or you may even make money from the bank!

Approved: \_\_\_\_\_

Profit in 5 years (look underneath each of the charts, and write down the amount you made for the choices you made):
